

Transport Macharis and DKV Euro Service: Match Made in Heaven

Brussels, 25 Mai 2018 – Starting out in the past century as a regional removal company, Transport Macharis from Dendermonde, Belgium, has by now developed into a prominent international haulage business. Over the years the company has always put its trust in the expertise provided by DKV Euro Service.

From the very beginning Transport Macharis has been working together with DKV for its fuel cards and toll services (in Belgium and Germany). Marc Macharis states: *“The transport industry is in full evolutionary swing. Our company too has joined the developments. To keep up with trends it is important for us to team up with reliable partners. DKV is one of these. Thanks to partners like DKV our record-keeping runs smoothly, so that as a company we are able to fully concentrate on our core business: transferring our customers’ loads to their destinations safely and quickly.”*

Gertjan Breij, Managing Director of DKV Euro Service Benelux, is pleased with this trusted partnership of many years: *“To us, satisfaction of our current customers is crucial long before we even start to consider approaching and attracting new clientele. Lasting customer satisfaction is ensured by closely keeping up with new developments and upholding your investments. In this respect we are very proud to be able to propose a future-proof EETS-box to our customers soon, named DKV BOX EUROPE. This on-board unit will comply with the latest demands imposed by all European member-states and may therefore be used all over Europe.”*

Love2Truck

As an active supporter of the ‘Love2Truck’ campaign, DKV will these days be joining other prominent companies in the transport industry in a search for Belgium’s most passionate trucker. In anticipation, Peter Schockaert, driver for Transport Macharis and one of the eventual five finalists already has his employer’s full support. Marc Macharis: *“Yes, of course I have voted for Peter! He has been driving trucks for over 25 years and puts his heart and soul in the job; visibly as well! He is punctual, trustworthy and has consideration for his gear and materials. Our customers too appreciate his passion for the job; this is something an employer can only value very highly. So I wish him best of luck in the Love2Truck campaign, and who knows he will turn out to be Belgium’s first most passionate trucker!”*

Besides Peter Schockaert, there are 3 men and 1 other woman in the running for the most passionate truck driver in Belgium: Gino De Keuster, Nico Van Herreweghe, Kurt De Bouvre and Daisy Coudeville.

Go to www.love2truck.be for more information about all finalists.

On Saturday, June 2, Ben Weyts, Mobility Minister for Flanders, will proclaim Belgium's most passionate trucker during the first edition of the We Are Transport event in Brussels.

DKV Euro Service

DKV Euro Service has been one of the most prominent service providers in commercial road transport and logistics for over 80 years. Ranging from cash-free service and care en route at more than 68,000 multi-brand acceptance points to tolls settlement and VAT-refunding, DKV provides countless services for cost optimisation and effective fleet management on Europe's roads. DKV is part of DKV MOBILITY SERVICES Group, which employs ca. 930 staff and is represented in 42 countries. In 2017 the group realised sales in the amount of 7.2 billion euro. Currently over 3.1 million DKV CARDS and on-board units are being used by ca. 170,000 customers. In 2017 the DKV Card was awarded the Best Brand predicate in the fuel and service cards category for the thirteenth time in succession.
